One of our managers said to me the other day; "When I applied for position as salesmen with our company I had never had any selling experience. I had been a draughtsman at a salary of \$32 per week. I was convinced by the manager that I could sell under your system. I resigned my position as draughtsman and became a salesman, I received a check for my first week's work amounting to \$60. The second week my check was in excess of \$160, and in three months to a day from the date of my employment I was promoted to manager of one of the Company's offices. My first week's check as Manager was \$350."
